00 NOV 2011

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Installation Access (Garrison Policy #29)

1. REFERENCE: AR 190-5, Motor Vehicle Traffic Supervision, dated 22 May 2006.
2. PURPOSE: The purpose of this policy is to establish timely and effective installation access for persons in possession of a DoD, DA or Fort Wainwright photo identification card (ID card) authorized by the Garrison Commander for installation access.
3. PROCEDURES: FPCON NORMAL through DELTA: Persons in possession of an authorized ID card may access the installation and operate vehicles on Fort Wainwright. All drivers must comply with the requirements of AR 190-5 with the exception of displaying DOD Form 2220. The requirement to have and display DOD Form 2220 (Decals) has been rescinded. This policy will be used to supplement the Installation Access Control SOP and Force Protection Condition (FPCON) standards.
  - a. Visitors will be required to obtain a visitor's pass from the Fort Wainwright Visitor's Center per current access control policy and directives. Visitors will be required to comply with the provisions of AR 190-5 and have a valid driver's license, current registration and proof of insurance that is in effect.
  - b. During periods when Fort Wainwright is designated as open, the visitor pass policy will be waived and the visitor will be processed through the access control points via a Mobilisa scan.
  - c. The Garrison Commander may, without notice, modify or change the access control requirements and may deny entry to anyone at any time.
4. This policy supersedes Garrison Policy #21, subject: Removal of DoD Decals/Vehicle Passes, dated 21 July 2009, and Garrison Policy #23, SAB, dated 21 July 2009.
5. Point of contact is the Director of Emergency Services at 353-7889.

  
RONALD M. JOHNSON  
COL, SF  
Commanding
